

FROM GOOD MEN.

MORE STRONG INDORSEMENTS FOR DIST. ATTY. FREDERICKS.

IN THE interests of public welfare, we desire to say that Captain John D. Fredericks has a long and honorable record in Los Angeles county as a soldier, lawyer and thorough gentleman. Every grand jury that has assembled since he was elected to the office of District Attorney, has given him unstinted praise for good and faithful conduct therein. Knowing his qualifications as we do, and believing in his absolute honesty, we heartily recommend him to the consideration of all voters, regardless of party, and earnestly urge all good citizens to support him at the election November 6th, 1910.

FROM FRIENDS OF TEMPERANCE.

The following special endorsement by the undersigned speaks for itself:

"We specially commend to the confidence and support of the people District Attorney John D. Fredericks, who for nearly eight years has stood like an unyielding wall of adamant for home and family protection, and who has passed through the furnace of unfriendly assault, without the smell of fire upon his garments.

We are proud to point to his achievements in the enforcement of law and in the administration of his office. We appreciate his sterling personal character, his upright life as a citizen, and his untiring vigilance and effect-

ness as a public official. And in view of his experience as a District Attorney, and the exigencies of reform work during the coming years, we do most heartily commend and hope for the re-election of District Attorney Capt. John D. Fredericks.
